Findings

1. This facility is an existing 40 acre Class 2 sanitary landfill; site life is expected to be 160 years. The trench method of operation is utilized. The facility is located at W 1/2, NE 1/4, NE 1/4, & E 1/2, NW 1/4, NE 1/4, Sec. 28, T5N., R.25E., M.D.B. & M. The disposal site receives 5 tons per day. The site is unattended. Salvage operations are conducted. Types of wastes received at the site include:
 - a. Household, Residential, Commercial, Institutional
 - b. Septic pumpings
 - c. Dead animals
2. Design and operation of this facility are as specified by the Report of Disposal Site Information dated April 14, 1978; that which pertains to the period immediately prior to August 15, 1977 is hereby made a part of this finding. There are no proposed significant changes in design or operation.
3. Land within 1,000 feet of the site is not zoned.
4. This facility's design and operation are currently in substantial compliance with State Minimum Standards as determined by physical inspection made on June 1, 1978 except that they violate Sections 17636, 17638 and 17678. The conditions of this permit establish an appropriate schedule for compliance with those sections.
5. This permit is consistent with the Mono County Solid Waste Management Plan and with the State Minimum Standards for Solid Waste Handling and Disposal.
6. The following documents condition operation of this facility:
 - a. Rubbish Dump Permit No. 6-0251
 - b. California Regional Water Quality Control Board, Lahontan Region: Waste Discharge Requirements No. 6-72-61.

CONDITIONS:Requirements:

1. This facility must comply with the State Minimum Standards for Solid Waste Handling and Disposal.
2. This facility must comply with all federal, state, and local requirements and enactments.
3. Additional information concerning the design and operation of this facility must be furnished upon request of the enforcement agency.

Prohibitions:

The following actions are prohibited at the facility.

1. Disposal of hazardous wastes except septic tank pumpings.
2. Unauthorized fires.

Specifications:

No significant change in design or operation from that described in Items #1 and #2 of the Findings Section is allowed, except for those changes which are required under the "CONDITIONS" portion of this permit.

Provisions:

1. The following provisions must be met by August 1, 1978:
 - (a) A special occurrence log book shall be maintained by the District Road Supervisor responsible for maintaining the site.
 - (b) Accurate weight/volume records shall be maintained.
 - (c) The working face of compacted wastes shall be maintained at a slope of 3:1 or steeper.
 - (d) The Solid Waste Facility Permit Application and accompanying data are made a part of this permit.
 - (e) The following additional information shall be submitted to the enforcement agency:
 - (1) Remaining capacity of site
 - (2) Include site development plan and cross sections including final elevations of cap. Include drainage plan and consideration of development of Indian land abutting the site.
 - (3) Structural organizational chart

2. This permit is subject to review by the enforcement agency, and may be suspended, revoked, or modified at any time for sufficient cause.

Self Monitoring Program:

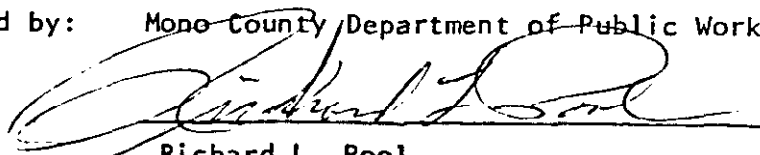

The following items shall be monitored by the operator of this facility or his agent. Records including but not limited to these items shall be kept and made available to the enforcement agency upon request:

As required by the California Regional Water Quality Control Board--
Lahontan Region, Board Order No. 6-72-61, Monitoring Program.

This permit is granted solely to the operator named above, and is not transferable. Upon a change of operator, this permit is subject to revocation. Upon a significant change in design or operation from that described in this permit or in attachments thereto for the existing design and operation of a facility operating immediately prior to August 15, 1977, or from the approved intended design and operation of a facility which was not operating prior to August 15, 1977, or which herein is granted a permit modification, this permit is subject to revocation, suspension, modification or other appropriate action.

This permit does not authorize the operation of any facility contrary to the State Minimum Standards for Solid Waste Handling and Disposal. This permit cannot be considered as permission to violate existing laws, ordinances, regulations, or statutes of other government agencies.
